

instructions for use

1. Manufacturer:

HB-DIGITAL GmbH
Wahlerstr. 16
40472 Düsseldorf
Germany

2. Product:

hb-digital CAT 6 network socket

LAN connector is designed for installation in walls (both concealed and surface) and is used to connect RJ45 cables in network systems. It supports Category 6 cables and ensures stable data transmission in local networks. The connector can be used in both outdoor and concealed wiring depending on the installation requirements. Installation is carried out by connecting the cables to the contacts of the plug and mounting it in the box. These connectors can be used to create multiple connection points in offices and homes where a stable network connection is required.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
