

## instructions for use

1. Manufacturer: HB-DIGITAL GmbH  
Wahlerstr. 16  
40472 Düsseldorf  
Germany
2. Product: hb-digital grounding cable

Cable is used in electrical systems, including photovoltaic (PV) systems, and is used for earthing. It is designed in flexible insulation that allows easy installation in tight spaces. It is provided with a green/yellow color coding that complies with the standards for earthing cables. The cable is used to safely connect the components of the system to the earth, which prevents possible electrical leakage and increases the safety of the entire installation. Installation of the cable requires routing from the plant to the earthing system.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
