

instructions for use

1. Manufacturer: HB-DIGITAL GmbH
Wahlerstr. 16
40472 Düsseldorf
Germany
2. Product: hb-digital shelf for network cabinet

Shelf is used to house various equipment in a server rack. It allows the installation of equipment not designed for rack mounting, such as certain routers or modems. Installation consists in fixing the shelf in the rack and placing the equipment on it. This solution helps to organize the space and facilitate access to the equipment. The shelf is used to efficiently organize the space in the server rack.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
