

## instructions for use

1. Manufacturer: HB-DIGITAL GmbH  
Wahlerstr. 16  
40472 Düsseldorf  
Germany
2. Product: hb-digital DIN rail adapter for Keystone modules

DIN rail adapter is designed for installing keystone modules on 35 mm DIN rails. It is made of stainless steel, which ensures durability and corrosion resistance. The adapter is used to mount keystone modules in distribution cabinets or panels, which allows for a neat and structured installation of network parts. Installing the adapter is simple: just mount it on the DIN rail and connect the corresponding keystone modules. This adapter is used in commercial and industrial installations to organize efficient and compact cabling.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
