

instructions for use

1. Manufacturer: HB-DIGITAL GmbH
Wahlerstr. 16
40472 Düsseldorf
Germany
2. Product: hb-digital cable connector waterproof IP68 for power cables

Cable connector is used to make cable connections waterproof and dustproof, especially in areas where protection from moisture and dust is required. It is suitable for cable diameters from 10 to 25 mm and is used in outdoor or humid environments. The connector is installed simply by connecting the cables in the housing and then closing the connector. It protects the connections from external influences such as rain or dust, making it ideal for use outdoors or in industrial environments.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
