

instructions for use

1. Manufacturer: HB-DIGITAL GmbH
Wahlerstr. 16
40472 Düsseldorf
Germany
2. Product: hb-digital Keystone Module SAT TV for Keystone Panel

Keystone module is designed for installation in a keystone panel and is used to connect TV and satellite cables. It is equipped with F-connectors and IEC sockets, which allows easy connection of devices such as satellite receivers, TVs and other audio-visual equipment. The module provides a convenient solution for cable connection, ensures reliable signal transmission and facilitates installation. Installation is carried out by inserting the module into the panel, after which the cables are connected using the appropriate connectors. It is an ideal solution for building structured cabling systems in residential and commercial applications.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
