

instructions for use

1. Manufacturer:

HB-DIGITAL GmbH
Wahlerstr. 16
40472 Düsseldorf
Germany

2. Product:

hb-digital Multimedia Keystone Module

Set of multimedia keystone modules is designed for use in various connection systems and supports multiple connection types such as USB-C, USB 2.0, USB 3.0, HDMI 2.0, RCA, binding posts and audio connectors. The modules allow the integration of various interfaces into a single panel, which simplifies the organization and connection of multimedia devices. They are easily installed in standard keystone panels and enable quick and reliable connection of devices such as computers, TVs, audio systems and other devices. These modules are ideal for creating flexible and effective cabling solutions in home, office or commercial networks.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
