

instructions for use

1. Manufacturer: HB-DIGITAL GmbH
Wahlerstr. 16
40472 Düsseldorf
Germany

2. Product: hb-digital network connector tool-free

RJ45 connector is used to connect a network cable to various devices such as computers, routers or modems. It is necessary to create a connection that allows the devices to work in a common network and exchange data. With its help, stable data transmission is ensured, which is important for using the Internet or a local network. It is used both in the home and in offices where a reliable connection is required.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
