

## instructions for use

1. Manufacturer: HB-DIGITAL GmbH  
Wahlerstr. 16  
40472 Düsseldorf  
Germany
2. Product: hb-digital patch panel LSA for network cables

Patch panel is used to connect network cables. It is equipped with RJ45 connectors that allow connecting devices such as computers, routers and switches. Installation consists of mounting the panel in a rack and connecting the cables to the connectors. The patch panel helps to organize connections and keep cables in order.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
