

## instructions for use

1. Manufacturer: HB-DIGITAL GmbH  
Wahlerstr. 16  
40472 Düsseldorf  
Germany
2. Product: hb-digital patch panel for network cabinet

Patch panel is used in server rooms and other network systems to connect and organize cables. It is necessary to establish connections between different devices such as servers, routers and switches. The panel is equipped with RJ45 connectors that allow connecting cables. Installation consists of mounting the panel in a rack and connecting the cables to the connectors.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
