

## instructions for use

1. Manufacturer: HB-DIGITAL GmbH  
Wahlerstr. 16  
40472 Düsseldorf  
Germany
2. Product: hb-digital solar mounting tool

Tool is used for tensioning solar cables when assembling solar modules. It is designed to create a reliable and secure connection of solar cables to connectors. This tool is used to tension the cables on the connectors, which helps prevent the connections from loosening and increases their durability. It is used when installing and assembling solar modules to ensure proper tensioning and stability of the connections in the system.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
