instructions for use

1. Manufacturer:	HB-DIGITAL GmbH
	Wahlerstr. 16
	40472 Düsseldorf
	Germany

| 2. Product: | hb-digital flush-mounted protective contact socket |

Socket is designed for installation in the wall and is used for connecting standard devices and charging via USB ports. It is equipped with a USB-C port and a USB-A port, so mobile devices and other gadgets can be charged directly without an adapter. The socket is installed in a standard wall opening and connected to the mains. It is suitable for use in homes and offices and provides convenient access to power supply and charging functions.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
