

instructions for use

1. Manufacturer: HB-DIGITAL GmbH
Wahlerstr. 16
40472 Düsseldorf
Germany

2. Product: hb-digital Extension cable CAT 7 Duplex

CAT 7 duplex network cable is used for fast data transmission and ensures a stable connection under demanding conditions. The cable consists of two shielded conductors (S-FTP) that reduce electromagnetic interference and improve signal quality. It consists of eight conductors divided into two pairs and can be used in various network connections. The cable is resistant to external influences thanks to its protective sheath and is suitable for installation in various environments such as home or office. It ensures fast data transmission over long distances.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
