

instructions for use

1. Manufacturer: HB-DIGITAL GmbH
Wahlerstr. 16
40472 Düsseldorf
Germany

2. Product: hb-digital Cable CAT 8

CAT 8 network cable is designed for high-speed data transmission and ensures a reliable connection in network installations. It is equipped with shielded conductors that reduce interference and increase signal stability. The cable offers a high frequency bandwidth that enables data transmission over long distances without loss of quality. It has a protective sheath that minimizes smoke and toxic gas emissions in the event of a fire, thus ensuring safety. It is suitable for various network connections in offices, homes and other areas where high performance and protection are required.

Since this is electrical equipment, we strongly recommend that installation be carried out only by qualified personnel to ensure safety and avoid possible damage.
